## Thank You

To: The Leo Brown Memorial Fund for sponsoring a Kiddush in memory of our dear departed Leo Brown.

## Mazal Tov

To: Joan and Zach Levine on the marriage of their grandson Menachem to Rivka. We wish them a long and happy wedded life.

On Sunday, June 24, the renowned violinist Albert Mulad performed at our synagogue. As always he captivated his audience with his excellent rendition of both classical and semi classical songs.

## Keep-in-Touch Luncheon

Our annual Sisterhood Keep-in-Touch luncheon was held this year at Ben's Deli in Bay Terrace. It was nice to sit with our friends and enjoy a beautiful lunch of soup, sandwich and all the side dishes followed by dessert and coffee. Food was delicious, the service was perfect, and the company we were with made it a pleasant afternoon. Much thanks to Lois Shenker, who so capably made all the arrangements, prepared the give away bags and saw to it that every detail was taken care of.

## From: The Editor

For many years I have had the pleasure of editing The Bulletin and presenting it to you as Editor in chief. However, it is time for me to step aside. We have a most capable person who has agreed to take on the position of Editor in Chief of The Bulletin. That person is Matilda Cohen. I will aid her as much as I can as Editor. I know she will do an amazing job and I wish her all the luck in the world. **Zachary Levine**

**Thank you Zach** for your confidence in me. I will try to do my best. Matilda.

## Sisterhood News

On July 19<sup>th</sup> our Sisterhood was privileged to have a special program presented by members of the 111<sup>th</sup> Precinct of the New York Police Department. Police Officer John Erdman, Community affairs Director and several Officers from the Precinct told us about how to protect ourselves and our property. Our Synagogue and also one of our members have been affected by a mail fishing scam. Thieves have gained entry into the interior of mail boxes and stolen mail in order to obtain checks and credit/debit/gift cards that would allow the thief to gain access to your finances. We were urged to deposit mail directly inside the Post Office or hand it to the mail carrier. The thieves are able to wash checks and alter them payable to themselves. There are special pens available with permanent ink that is not easy to alter. There were many other pieces of valuable information that was shared with us. They also came with pamphlets and papers with valuable information.

Rosh HaShanah is almost upon us. The next Sisterhood event will be our annual luncheons in the Succah.to be held on September 26 and 27. We look forward to greeting many members of our congregation and their friends at this always pleasant event. Seating is limited so reserve as soon as you receive the flyer.

The book club will not meet in September. The book for October 25<sup>th</sup> is "We were the lucky ones" by Georgia Hunter.

There is a Sisterhood luncheon and program on October 18<sup>th</sup> when we will have Dr. Jennifer Lee present the rescheduled program on stress management.

We wish everyone "Shanah Tovah"; A Good Year  
Marilyn Brown and Joan Levine, Sisterhood Co-Presidents

### **"The Simcha Cake Project"**

Sisterhood has created a way of announcing special Simchas and other events in order to support the Torah Fund of the Jewish Theological Seminary. At each meeting, we will be able to announce our Simcha and have it published in the Bulletin with a minimum donation of \$1.00. This is in lieu of putting Tzedakah boxes on the tables. Torah Fund contributions ensure our legacy to future generations of Conservative Jews by training Rabbis, Cantors, Educators, Scholars and Lay Leaders.

## *In Loving Memory of*

*Anita Bernstein  
Chana Devorah bas Yechiel Shlomo*

*November 3, 1925  
August 29, 2018-18 Elul 5778*

A woman of valor who can find? For her worth is far above rubies.

A woman of valor is an asset to her community, a blessing to her family and a role model to others. She is someone who has a moral character and is someone of integrity. She is a woman who has made a conscious decision to be fair, kind and honest in every aspect of her life. A woman of valor is strong, mentally, physically and is one who finds joy in doing it right.

### **OUR ANITA BERNSTEIN WAS SUCH A WOMAN!**

She took care of her community family by being a part of everything and anything that goes on. She was the one who lost sleep worrying about our shul. She chaired the catering committee, prepared food for special occasions and did our own catering in the basement kitchen long before the kitchen was built on the main level. Each week she took care of the Shabbat Kiddush by ordering the appropriate food. and would schlepp pounds of tomatoes to the shul. She shopped all year round for fresh decorations for our beautiful Succah.

She restarted and ran the Hebrew School after it closed so that the Bar and Bat Mitzvah children could continue their education.

She was in charge of our Calendar and the High Holiday ticket committee. She formed a committee to polish all the beautiful silver displayed in the lobby.

Anita was an accomplished artist and has a collection of her art in her home. She attended weekly art classes at the Fresh Meadows Jewish Center. She was well spoken and made the announcements and appeals for the shul. She was always elegant and dignified. She worried about each and everything that was going on at the Flushing-Fresh Meadows Jewish Center and attend every meeting and class..

Things do not just happen. They need a leader who not only sees that things get done, but often does it herself . She was truly our mother, our charismatic leader. She was our queen, she was our wonderful Anita Bernstein, a true Aishet Hayil!

Anita was a devoted steward of our congregational ship who had the foresight to steer this ship toward the successful merger with the Flushing Jewish Center.

In 1957 Anita Bernstein joined the Fresh Meadows Jewish Center. Her children Harvey, Stuart, Bruce and Beth attended our Hebrew School and she served as PTA President from 1964-1966. She was editor of "The Beacon", the Center Bulletin for 10 years from 1968-1978, with her son Harvey as assistant editor. She was always active in the Sisterhood and served as President in 1968-1969 and was reelected to serve from 1982-1983. She computerized the data for the Sisterhood Calendar, worked with the printer and advertisers and saw to it that the calendar was delivered on time each year. The calendar is one of the Sisterhood's biggest fund raisers due to revenue raised from the advertisers.

Anita was an invaluable member of the Jewish Center's Board of Trustees for many years and served in many positions. In 1984 she was elected the first and only woman President of the Fresh Meadows Jewish Center. Her term ended in 1986, but, she was called upon to finish out the term of Norbert Wollheim who had to resign due to poor health. She was elected again in 1993 and served as President until the merger with the Flushing Jewish Center in 2003 and continued to serve as Co-President of the Flushing-Fresh Meadows Jewish Center.

In her communal activities Anita was President of the North Shore Long Island Branch of the Women's League for Conservative Judaism from 1974 to 1976. She also served on the International Board. She continued to be an active member of the Board of The Brooklyn, Queens Long Island Region of the WLCJ.... serving in many capacities. As a past President of the organization she was always called to assist. She attended the International Bi-ennial Conventions of the Women's League for Conservative Judaism for over 30 years. The Conventions were held at the Concord Hotel and later in various cities such as Orlando, FL and Baltimore, MD. She used to make special arrangements with the hotels for our group.

Anita was never reluctant to drive to meetings wherever they were held in Queens or Long Island and to pick up people at their various homes. Anita had been a true blessing to others, to the Congregation and to the community.

Anita was a devoted mother, grandmother and great-grandmother

.  
She is survived by her sons:

Harvey Weinreb, Stuart Weinreb and Bruce Weinreb and their families

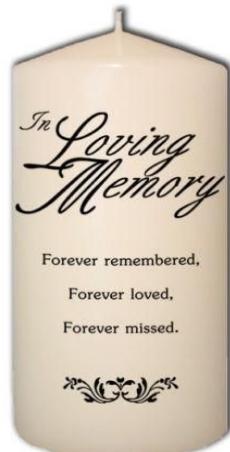

Her daughter Beth Weinreb

Her sister Renee Rauch and

Her brother Sheldon Bloom

May you rest in peace our dearest friend and leader.

**YOU WILL BE MISSED**

**RABBI'S MESSAGE****THE SYNAGOGUE: LOOKING TO THE FUTURE WITH HOPE AND A PLAN**

We recently read in Parashat Ekev (8/4/18) "Man does not live by bread alone." There has to be a spiritual dimension to our lives. Food alone is insufficient. Perhaps America has a weight problem because it is seeking spiritual sustenance in physical food. Yes, our spiritual hungers as a nation are being fed the wrong food. We as a synagogue exist to teach the world this truth. Man does not live by material pursuits alone. We as a synagogue stand for this spiritual dimension of human existence. We say to our fellow Jews and to the world that material pursuits are not all there is to life. Having enough physical food to eat may sustain your body but not your soul.

The synagogue is a testament to G-d's existence and place in our lives. This is the place, according to the Torah (which is our soul food) where G-d's presence is to be found and felt by all who enter its portals. This is the place where we come to derive the necessary strength to weather the storms and vicissitudes of life, and to give thanks and praise for the goodness and blessings of life we enjoy. This is also where we seek healing and hope. The synagogue testifies to the fact that man does not live by bread alone.

The synagogue exists to answer the question asked by masses of humanity, which include sadly many of our own people. What do I need a House of G-d for? I have enough food, I have enough clothing and I have enough shelter and I have enough money, what else do I need? Those who ask these questions and their number is great, are missing the whole point of being Jewish, in fact, they are missing the whole point of being human. But we have a message as a synagogue, a cry and a plea to take advantage of the opportunities which G-d has provided for us. This is our ultimate "message of outreach" as a synagogue to the unaffiliated community. There is a spiritual dimension to life which has been ignored by too many for too long. The synagogue seeks to cater to that spiritual dimension and feed the hungry soul. Food for the spirit has been and is being offered and yet there are pitifully few takers. The gnawing spiritual hunger within cannot and will not be satisfied by filling our bellies or our pockets with earthliness, only with the soul food of Torah.\*\*\*\*\*

We, the Jewish People, have a mission to teach about G-d to the uninitiated, to the uneducated, to those who lack faith. We must teach that G-d must not be ignored. We are to praise, petition, and thank G-d as regularly as possible, ideally every day of our lives. We are to teach that we are to integrate G-d's teachings found in our Holy Torah into our lives, for man does not live by bread alone.

Witness Deuteronomy, read recently, Chapter 8, Verses 11, 12, 13, 14, 17, 18, 19, and 20. These are powerful words, not easily saleable to the general uninformed public, yet we read them and we teach them for they are part of the Torah which is the Torah of Truth. They answer those who question the need for affiliation with the synagogue which represents G-dliness in our community and in our lives. It answers those who say I have everything I need, food, clothing, shelter and money by reminding them that it wasn't their power alone which brought them this goodness and blessing, but it was G-d and it will continue to be G-d. Who will bring them future goodness and blessing. Aren't words of thanks in order for all this goodness and blessing? G-d is ignored and forgotten at one's own peril. We must teach those who do not know that G-d isn't an abstract idea. G-d is real. And if we don't know this we need to learn it.

Our mission as a congregation, therefore, is to reach out to our fellow Jews and remind them that man does not live by bread alone, but by everything which proceeds out of the mouth of the L-rd. Man is not to take full credit for his successes, because it is the L-rd your G-d who gives you the ability to get wealth, says the Torah.

We must teach that there is much more to life, particularly Jewish life than working, eating and paying the rent. Material sustenance is insufficient. The animals also enjoy material sustenance, for the Almighty is the Sustainer of all Flesh. Humans are to be on a higher level. Our faith teaches the way to be on the highest level, on a G-dly level. May that level always be our level. One way to get to that level is through bringing others to a higher level, a level closer to G-d. Save thou a soul, teaches our tradition, and it shall save thine own. Please join me in the quest to save Jewish souls from the perils of assimilation and all those who have forgotten about G-d. Join with me in the quest to preserve and bring back to the fold those who have strayed, who have been lost and/or alienated for whatever reason. Send them to me. I can answer their questions and help them get through the maze of confusion and misunderstandings which prevent them from seeing the light.

We as a people have known all too well that Jewish survival has been in question numerous times throughout our 4000 year history. We have learned, we pray, the lesson of renewing our pledge to the ultimate mission of our people - to be a light unto the nations, to share our blessings, to share our strength, to raise the eyes of our fellow men and women heavenward in gratitude to the Creator and Sustainer of all flesh. We, the Jewish People are here to teach **faith** and the lesson that with G-d all things are possible, that with G-d we are powerful, that solutions can and will be found to all our problems, both personal and communal and that the realization of all our dreams is attainable. Every sincere effort counts and will be a step in the direction of success. As we march down the road to the High Holy Days 5779, let us carry these words with us. The Almighty teaches through the Psalmist: "Take with you words and return to the L-rd." What are our words, what is our plan for our salvation for the new year soon to be upon us? Just this: To bring our fellow Jews into the synagogue which is our House of G-d that they may join us in living and understanding our faith, and serving our G-d. It is to help other Jews and therebt ourselves to get closer to our customs, our beliefs and teachings and thereby closer to our G-d - all this through the vehicle of the synagogue. Save a soul and it will save your own. May the Divine Presence rest on the work of our hands, and crown our efforts with success.

I wish all our members and friends a Ketivah V'Chatimah Tovah. May you be inscribed and sealed in God's Book of Life for a blessed new year. May it be a year for you, yours and all the House of Israel of good health, happiness, prosperity and peace - a year in which we will be blessed with everything that is good. Amen.

With love,  
Rabbi G.M. Solomon

## FOR YOUR INFORMATION - FROM THE RABBI

\*Some Israeli Arab leaders speak disparagingly about Israel for publicity. They know that no newspaper would ever mention them if they were dealing with issues such as sewage or a shortage of classrooms in Arab schools. If they say something bad about Israel or provoke the Jews, however, they will certainly receive a headline in the press.

\*Israeli Arab leaders can incite against Israel as much as they wish. Their slander will not change the reality that Israel is the only thriving democracy in the Middle East, and treats its minorities with respect. While minorities are being persecuted and murdered in Syria, Lebanon, Egypt, Iraq, Libya and other Arab and Islamic countries, the Arab citizens of Israel are being integrated into the state. They hold high positions in the Supreme Court, the Foreign Ministry, the health sector and even the Israel Police. The majority of the Arabs in Israel can work anywhere they wish, they can travel anywhere in the country, and they will continue to enjoy all the privileges, benefits and freedoms that Jewish citizens do.

\*Some Israeli Arab leaders want Israel to give up its wish to be a Jewish homeland because they are hoping that one day Jews will become a minority in their own country. For far too long, they have been inciting their constituents against Israel and Jews. If these leaders are so unhappy in Israel, perhaps they would consider moving to Ramallah or the Gaza Strip or any Arab country. Perhaps they would care to resign from the Knesset. Why do they refrain from doing so? Because it is in the Jewish homeland, supposedly so harmful to them, that they and their children can live and thrive.

(Excerpt: *The Secret Reason Arabs Reject the Jewish Nation-State Law - Bassam Tawil - July 31, 2018*)

\*\*“Israel, which has been in a state of war with Syria for years, has rescued thousands of Syrians under the leadership of the IDF and Israeli Prime Minister Benjamin Netanyahu, who authorized their most recent transfer to Jordan as an incredible humanitarian gesture...The IDF leads humanitarian gestures daily – from providing medical care, infrastructure and civilian aid to Syrians in need, to establishing a state-of-the-art field hospital in Nepal, to transferring trucks of humanitarian aid to Gaza through the Kerem Shalom Crossing...However...the international media is so often focused on reporting about what they perceive Israel as doing wrong that when the IDF leads critical humanitarian efforts, they often go unreported, as positive reports about Israel doesn't match their narrative.” — Dr. John A.I Grossman. The result, Grossman said, is an international media in which “humanitarian” and “Israel” in the same headline is an unfortunate rarity. As the IDF led efforts to evacuate 422 Syrians to Jordan at the Syrian-Israeli border, the anti-Israel bias of international news outlets reared its ugly head, with various news organizations completely leaving Israel out of their headlines about the humanitarian effort. (Breaking Israel News, July 29, 2018)

“Being anti-Israel is not in itself objectionable. But I’m not talking about ordinary criticism of Israel. I’m speaking of a hatred that permits itself no boundaries in the lies and myths it pours out. Thus, Israel is repeatedly referred to as a “Nazi” state. In what sense is this true, even as a metaphor? Where are the Israeli concentration camps? The Einsatzgruppen? The SS? The Nuremberg Laws? The Final Solution? None of these things nor anything remotely resembling them exists in Israel, precisely because the Jews, more than anyone on earth, understand what Nazism stood for. It is claimed that there has been an Israeli Holocaust in Gaza (or elsewhere). Where? When? No honest historian would treat that claim with anything but the contempt it deserves. But calling Jews Nazis and saying they have committed a Holocaust is as basic a way to subvert historical fact as anything I can think of. Likewise apartheid. For apartheid to exist, there would have to be a situation that closely resembled how things were in South Africa under the apartheid regime. Unfortunately for those who believe this, a weekend in any part of Israel would be enough to show how ridiculous the claim is.” — Dr. Denis MacEoin, a non-Jewish Scottish professor, in a letter to his students who had voted to boycott Israel. (United With Israel, July 24, 2018)

## Critics of Nation-State Law Misunderstand Israel's Constitutional System - Evelyn Gordon (JNS)

\*Much of the criticism of Israel's new nation-state law stems from a fundamental misunderstanding of Israel's constitutional system. The new law isn't meant to be read in isolation, but in concert with other Basic Laws enshrining Israel's democratic system.

\*Israel doesn't have a constitution. What it has is a series of Basic Laws to which the Supreme Court accorded constitutional status. Each Basic Law is merely one article in Israel's constitution or constitution-to-be. They cannot be read in isolation, but only as part of a greater whole.

\*Consequently, it's ridiculous to claim that the nation-state law undermines democracy, equality or minority rights merely because those terms don't appear in it, given that several other Basic Laws already address these issues. The new law doesn't supersede the earlier ones; it's meant to be read in concert with them.

\*Arguing that the nation-state law is undemocratic because it doesn't mention equality or minority rights is like arguing that the U.S. Constitution is undemocratic because Articles I and II confer broad powers on the legislature and executive without mentioning the protections enshrined in the Bill of Rights.

\*The provision of the law stating that "The right to exercise national self-determination in the State of Israel is unique to the Jewish people" doesn't deprive Arabs of individual rights within Israel, nor does it bar the possibility of Palestinian self-determination in the West Bank and Gaza.

\*The only thing it prohibits is an Arab state within Israel's borders, which is problematic only if you favor replacing Israel with another Arab state. (*Jewish News Syndicate*)

\*As Prime Minister Netanyahu's Advisor for World Communities, part of my job is to listen to what people around the world have to say. Much of what I have heard from critics following the passage of Basic Law: Israel - Nation State of the Jewish People is mistaken and misinformed. The accusations about the new law's effects on Israeli democracy have no connection to the actual content or context of the law.

\*The new Basic Law was passed to fill a constitutional void. Israel, like the United Kingdom, lacks a written constitution and instead relies on a set of basic laws. Israel already has basic laws to protect individual freedoms (such as Basic Law: Human Dignity and Liberty). Israel lacked a basic law defining the identity and purpose of the state.

\*During the seven-year debate surrounding the Nation State Law, there was a broad consensus that a basic law was needed to define the identity of the country. However, the new basic law does not contradict or supersede the basic laws that protect and guarantee individual rights of all citizens regardless of ethnicity, religion or gender.

\*The new law does not erode a single right or protection of any minority. It actually reaffirms Israel's commitment to minority groups.

\*The new law also, for the first time, constitutionally enshrines Arabic as a language with "special status." It affirms that "the status given to the Arabic language before this law came into effect will not be harmed."
